F.A.Q.'s

Will my cell phone work on the boat?

Your phone's data plan will work on the boat when it's docked in Seattle, but it will require an internet package to work shortly after leaving. Internet packages are available through Royal Caribbean.

Does everyone speak English?

Yes, all destinations that we will visit speak English as their primary language.

Are rental cars available?

Yes, but these are only needed if you plan to arrive early into Seattle, or leave later. Preferred Pump will provide transportation to and from the airport on our designated travel days of July 13 and July 20, 2026. There will be no need to rent cars at any of our stops.

What if my flight is delayed or canceled?

Your airline's gate agent will put you on the next best flight or connection, so speak to them first. If you need any assistance, please e-mail us at: Awards@PreferredPump.com

Do I need to exchange my currency?

Most stops are U.S. locations, but Canadian currency may be best for anything purchased in Victoria, Canada. Many shoppes may take American cash, but you should expect change back in Canadian dollars.

What type of electrical outlets are there?

The boat is equipped with outlets that are standard in the U.S.

How do I get to and from the airport?

Preferred Pump has arranged transportation between the airport and ship on the designated travel days of July 13 and July 20. Pick up your bags from baggage claim, exit the airport, and look for Preferred Pump employees carrying Preferred Pump signs. Remember, if you're arriving into Seattle early and plan to rent a car or stay at your own hotel during your early stay, you will need to get yourself to the cruise port. Please send an email to Awards@PreferredPump.com to let us know so we can cancel your ride.

Am I required to attend the Preferred Pump events?

This is your vacation! You are free to come and go as you please, but we would love to see you at some of our parties! It is a great way to get to know your peers and enjoy complimentary food and drinks provided by Preferred Pump and our generous vendors.

Is this trip all-inclusive?

Most of the on-board bars, restaurants and activities are included. However, there are some places and activities that will have an additional per person cost. For example, while alcohol is included in your drink package, some specialty drinks or brands may be an additional upcharge. As well, Wi-Fi is NOT included. PLEASE NOTE: Once you leave the ship, meals and drinks are not covered unless included in your registered excursion.

Do I need to have a passport?

Yes! One of our stops includes a port in Canada, so you will not be able to even board the ship in Seattle if you don't have a passport for everyone in your group. Preferred Pump will not be able to assist you if you don't have a passport, so be sure to obtain a passport for everyone or make sure your current passport is up to date and assure it is accessible during the boarding process.
